

Intelligent Integration IR PTZ Camera

**MKB01 or MKB03 (Recommended Keyboard Controller)**

Dimension (Unit: mm)

Accessories (Optional)

**Features:**

- PTZ has three installation ways
- The bottom shock absorber, match the car cloud stand, install on the top of car
- The bottom magnet, placed on a tripod for field survey use, can also be used for video conferencing
- Bottom strong disk, no need to install the car in the roof bracket, direct strong adsorption on the top of the car, easy installation and destruction
- The system is a set of high-definition video wireless transmission, voice cluster talkback, car hard disk video, GPS / Beidou dual-mode positioning, WIFI hotspot transmission, local monitoring, PTZ control and other components. Of all-round, multi-functional vehicle control center.
- Night Vision Supplement: The use of imported OSRAM high-brightness light-emitting infrared light, night vision is **50-80** meters
- HD IP: PTZ support mainstream megapixel digital high-definition movement and HD SENSOR HD picture capture, compatible with mainstream HD platform and seamless docking, the maximum support 1080P output, support for dual-stream and high-definition capture, support IE browser

## Specification
